

Perfect device that help health and bring beauty and happiness.

LIPOGE

MOST OPTIMIZED HIFU TECHNOLOGY EVER

4th Generation HIFU

# Beyond Compare LIPOGE-X

4th Generation HIFU

LIPOGE-X is integrated with state-of-the-art HIFU system for both face and body care. LIPOGE-X is equipped with 2 sets of scan-typed cartridges for exclusive body treatment. Both cartridges can be performed at the same time. There are also 6 kinds of cartridges available with LIPOGE-X. Each cartridge has two(2) different modes (dot mode, line mode) which operator can select according to different treatment purpose and treatment time. Treatment speed of LIPOGE-X is remarkably enhanced to guarantee the optimal clinical efficacy by creating accurate and consistent coagulation points.

## X2 Handpiece

Increase treatment speed by applying 2 scan handpieces  
**individually or simultaneously**

### Contact Cooling

Prevent skin damage via  
adjustable Contact Cooling

### Handpiece LCD

Check the treatment  
progress through  
the LCD on the Handpiece

# XL Handpiece
